Approved For Release 2002/01/29 : CIA-RDP78-04723A000100150043-3

UNITED STATES GOVERNMENT

Memorandum

TS-M68-441

TO : Chief, Support Services Staff, DDS

DATE: 24 SEP 1968

FROM : Chief, Telecommunications Staff, OC

SUBJECT: Application of the Federal Standard ASCII Code

REF : NBS Draft Memorandum dated 6 September 1968

As reflected in the NBS draft memorandum, the transitional conversion to ASCII for both ADP and communications application is dependent on a number of variables, i.e., availability of compatible equipment, transmission media, obsolescence of current equipment, etc. The NBS memorandum effectively addresses these problems, and is entirely compatible with existing OC and National Communications System plans for adoption of the ASCII code.
